

## RA1000

Rack Mount Bracket (Depth: 540 mm)

ATEN offers a variety of flexible rack accessories to meet the needs of IT personnel in managing racks and installing equipment. All accessories are designed with functionality in mind to ensure the safe operation of both equipment and personnel, and can be applied flexibly to accommodate different rack configuration requirements.

The ATEN Rack Mount Bracket must be used in conjunction with ATEN's Fixed Rack Shelf. It is installed symmetrically on the left and right inside the rack to support IT equipment such as servers and network switches, with a total load capacity of up to 50 kg. It comes in both white and black color variants.

Note: RA1000 is sold in sets of 2 pieces.

### Features

- Designed to be used with ATEN Fixed Rack Shelf ([RA1100](#)) to support IT equipment such as servers and network switches, with a total load capacity of up to 50 kg
- Compatible with ATEN 19-inch or network racks (750 mm depth), and can be installed at any height on adjustable vertical rails
- Available in white and black color variants
