# CS22HF

2-Port USB FHD HDMI Cable KVM Switch

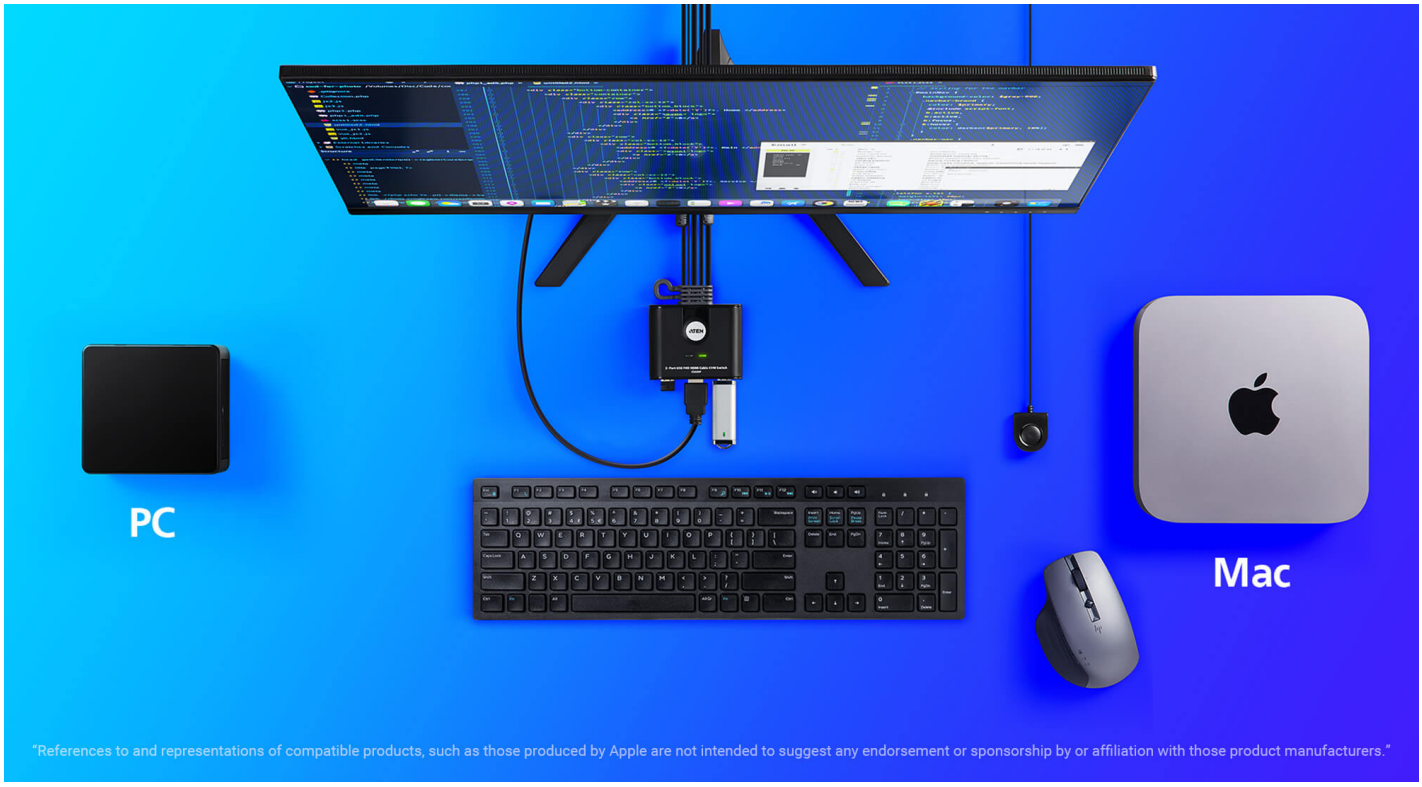
**2 PCs Share One Set of Keyboard, Mouse and Monitor**

Supercharge your productivity with the compact **CS22HF HDMI Cable KVM Switch**, and get started with multitasking across different platforms. With one set of keyboard, mouse and monitor, one click is all it takes to take control of either of your computers and enjoy stunning Full HD resolution for crisp, clear visuals for any desktop task. Installation is as easy as plug-n-play connections via USB and HDMI, and the CS22HF's patented all-in-one design (cables + KVM) further transforms your desk into a neat and tidy workspace that you can immerse in all day long with comfort.

Reclaim desk space, boost productivity, and experience the freedom of a multi-computer workspace – all thanks to the **CS22HF**.

**Cross-platform Access via One KVM Console**

The setup of CS22HF allows instant access across 2 computer platforms (e.g. Windows, MacOS, Linux, etc.) via one KVM console (i.e. one set of keyboard/mouse/monitor).



**Switch as Quick as One Touch**

The 1.8-meter remote port selector can be flexibly located, allowing quick and straightforward switching between 2 computers from anywhere on the desktop.

**Plug-n-Play Peripheral Sharing**

The console USB ports can be used for plug-n-play connection to compatible USB 2.0 peripheral devices to fulfill data-intensive desktop work requirements.

Hub
Camera
Keyboard / Mouse
Card Reader
Flash Drive

**Plug in. Power on**

The CS22HF supports USB hot-plugging and is bus-powered by the connected KVM sources via USB ports.

**Easy Hook for Workspace Efficiency**

The compact, easy-hook design allows you to handily locate your CS22HF out of the way, such as under the desk, helping to clear space on your desktop for improved productivity.

### Features

The CS22HF 2-Port USB FHD HDMI Cable KVM Switch is a control unit that allows access to two computers from a single USB and HDMI console while offering video quality up to 1920 x 1080 @ 60 Hz / 1920 x 1200 @ 60 Hz. With the CS22HF, you can quickly and effortlessly switch between two USB HDMI computers via the pushbutton on the remote port selector. The CS22HF supports multiplatform operations which allow you to switch between two different operating system PCs.

Moreover, the compact and bus-powered design allows for an efficient and tidy installation, providing an ideal spacesaving solution to keep your desk well-organized. This plug and play switch is ideal for people who need quick control to multitask between two computers on a desktop in any environment.

- One KVM console controls two computers with USB and HDMI interface
- Superior video quality – up to 1920 x 1080 @ 60 Hz / 1920 x 1200 @ 60 Hz
- Computer selection via Remote Port Selector
- HDMI compliant; HDCP 1.4 compliant
- Multiplatform support – Windows, Mac, and Linux
- The console USB ports can be used for USB peripheral sharing
- Supports USB hot-plugging
- Bus-powered
