

## 2L-4120-GR

20 m Cat 6 Extension Cable

ATEN Cat 6 Extension Cable with gold-plated RJ-45 connectors provides superior transmission of data. Our unshielded twisted pair design offers thin, flexible, and reliable connectivity in lengths of 1 to 20 meters.

### Features

- Unshielded twisted pair design provides thin, flexible, and reliable connectivity
- Gold-plated connectors ensure high quality and reliable transmissions along with improved corrosion-resistance
- Available in lengths from 1 to 20 m
- 24 AWG Conductor for high-speed network connections
- Ideal for ATEN extender solutions

**Specifications**

|                       |                               |
|-----------------------|-------------------------------|
| Environmental         |                               |
| Operating Temperature | 60°C                          |
| Rating                | UL, CSA                       |
| Physical Properties   |                               |
| Cable Length          | 20m                           |
| Cable Color           | Grey                          |
| Cable Outer Dimension | 6.3+/-0.2mm                   |
| Conductor Gauge       | 24AWG                         |
| Conductor Material    | Copper Clad Aluminum          |
| Connector Plating     | Copper alloy plated with gold |
| Connector Type        | Shielded RJ45 male to male    |
| Cable Jacket Type     | PVC                           |
| Wiring Standard       | TIA/EIA 568B.2                |
