

## CS62US

2-Port USB VGA/Audio Cable KVM Switch (0.9m)

ATEN provides total USB KVM solution. CS62US links two USB computers to one USB console for a complete USB system compatible with all operating platforms, including Windows, Mac, Linux and Sun.

### Features

- One USB console controls two USB computers
- Compact design, built-in 0.9 m cables
- Hotkey selection for OS and keyboard language
- Computer Selection via hotkey and USB mouse
- Multiplatform support - Windows, Linux, Mac, and Sun
- Video DynaSync™ - exclusive ATEN technology eliminates boot-up display problems and optimizes resolution when switching between ports
- Console mouse port emulation / bypass feature supports most mouse drivers
- USB mouse port can be used for USB hub and USB peripheral sharing\*
- Supports gaming keyboards
- Supports multifunction and wireless keyboards and mice
- All-in-one design
- Supports speaker functions
- Superior video quality – up to 2048 x 1536 @ 60 Hz ; DDC2B
- Auto Scan function to monitor computer operation
- Bus-powered
- Sun/Mac keyboard support and emulation

\* To use the USB mouse port as a USB hub, users must first disable mouse emulation mode.

## Specifications

|                        |                                                                                                                                                                                                                                                    |
