

Mobile App

ATEN Control System - Mobile App

The Mobile App is a free app that supports iOS, Android, and Windows operating systems, as well as different types of mobile devices such as smart phones, pads, and tablet PCs. The app allows you to download multiple viewer profiles from a Control Box to gain control of the hardware devices in different rooms. The control status of different mobile devices is synchronized without conflict, while the built-in user authentication ensures security by filtering the access rights.

* iOS: 10.0 or later

* Android: 8.0 or later

Features

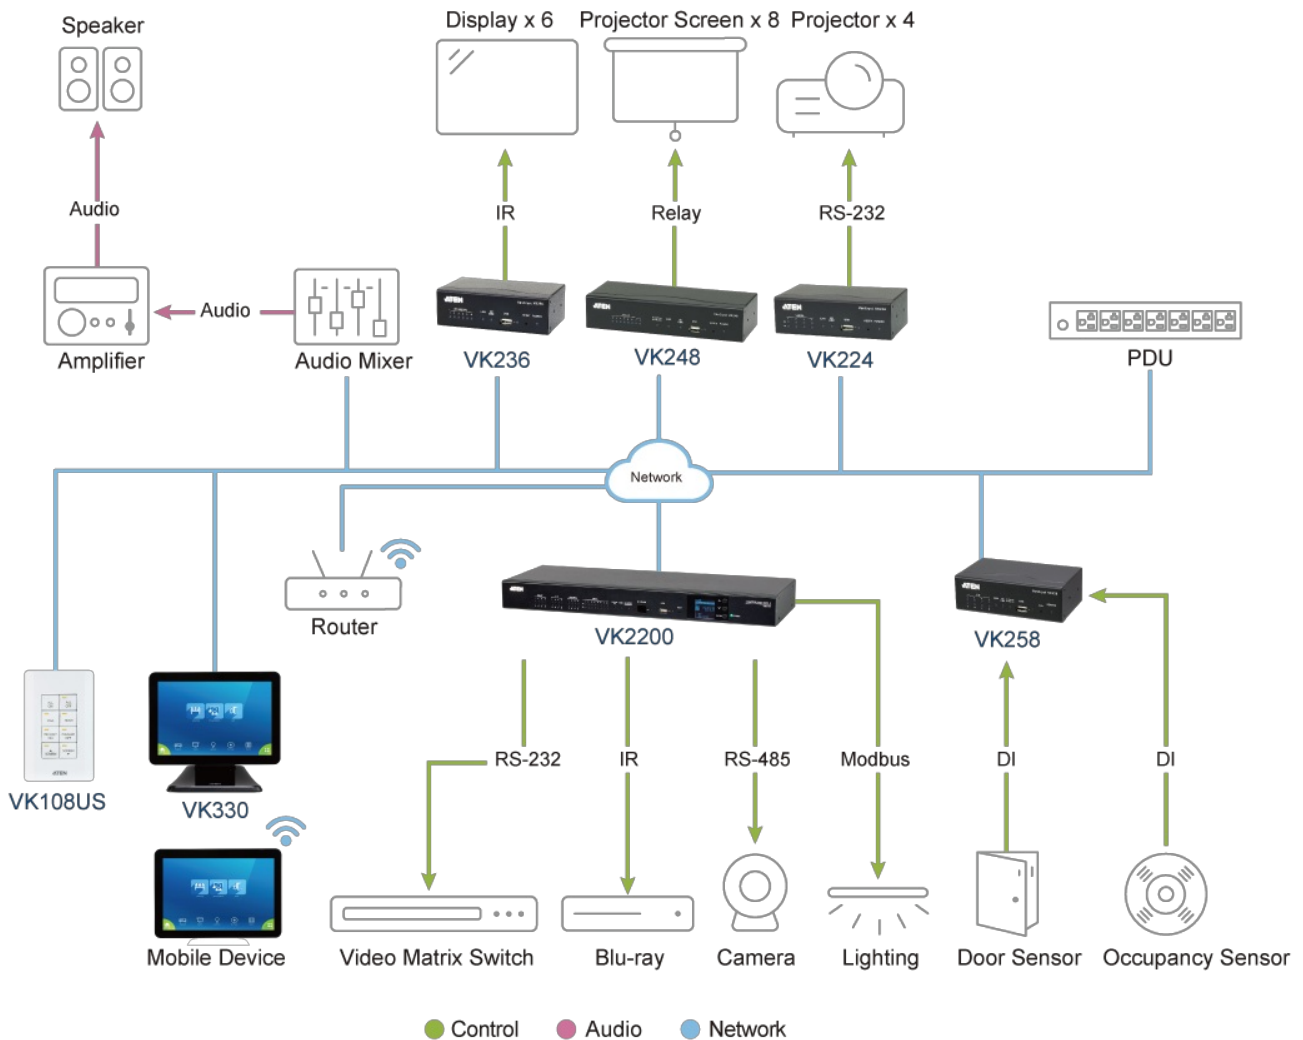

- Allows administrators central control of multiple rooms via profiles on a mobile device or tablet computer
- Restrict user access to profiles via password authentication
- Synchronization of system controls amongst multiple mobile devices and tablet computers
- Any iOS, Android, or Windows mobile device can be used to control the system – no need to purchase costly exclusive user panels
- Demo mode enables friendly demonstration without connecting a controller while familiarizing the users with the solution's most important functions
- Screen Saver function helps energy saving and prolongs the lifetime of the touch screen
- Allows for Display Real-time Streaming Protocol (RTSP), ONVIF, and ATEN VE89 series video preview*

Note: The function is applicable to [VK2200](#) / [VK1200](#).

Specification

OS Support	iOS : Requires iOS 11 or later. Android : Requires Android 7 or later. Windows : Requires Windows 7 or later.
