

## KL3116MKIT

16 Port Dual Rail 17in. KVM & IP Access Bundle

This sku combines following items

[KL3116M](#) 16-Port 17" LCD KVMP Switch

[CN8000](#) Remote IP Unit

### Features

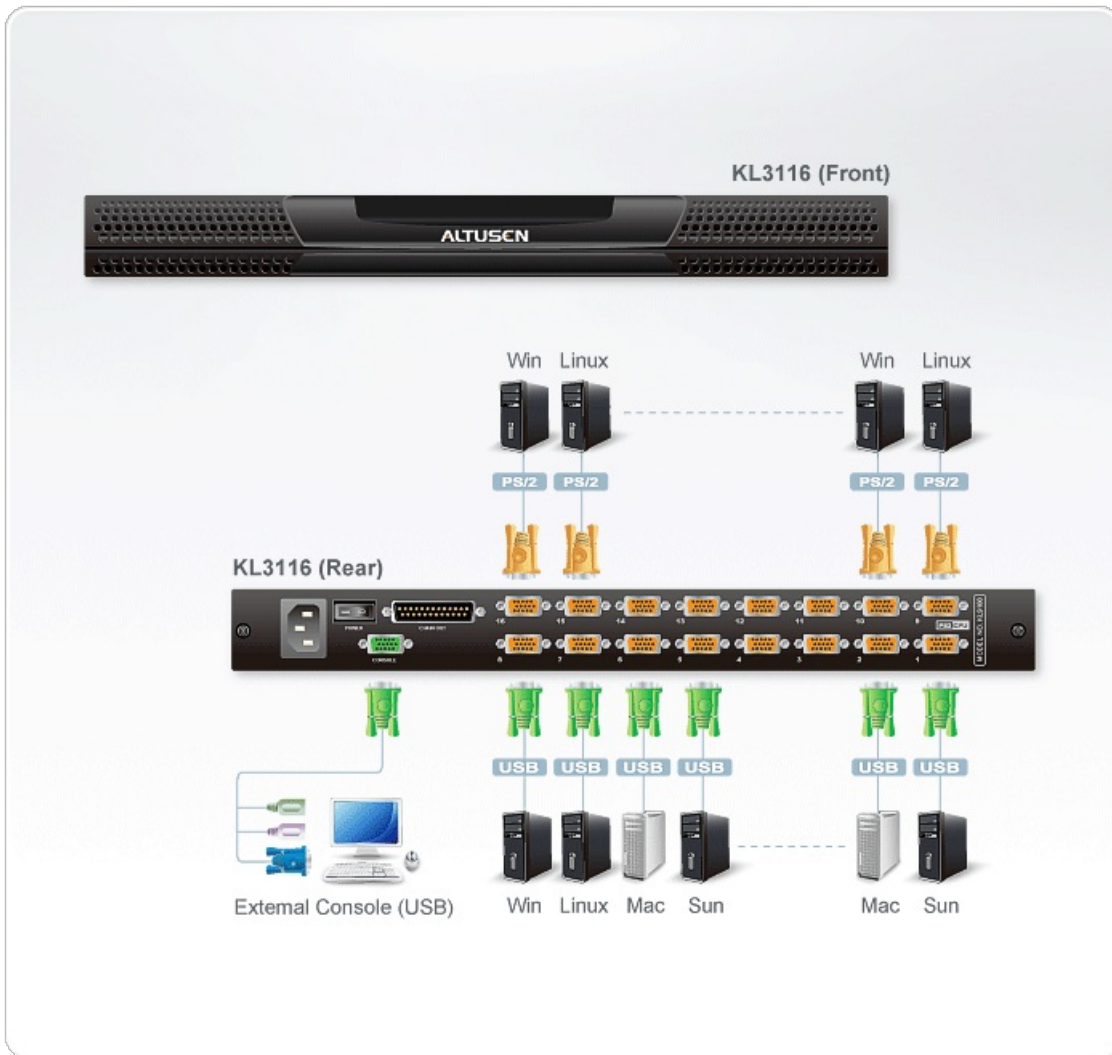

- **KVM:**

- Integrated KVM console with 17" LCD monitor in a Hideaway™ housing
- Space saving technology — up to two consoles (one bus) control up to 16 computers
- Dual slide — LCD monitor slides independently of the keyboard/touchpad
- USB peripheral support for attached computers
- Daisy chain up to 31 additional KVM switches to control up to 512 computers
- Auto Scan Mode enables continuous monitoring of user-selected computers
- Security — Administrator/User password authorization for enhanced security protection; Administrator access rights synchronized between master and slave stations
- Two-level password security — only authorized users can view and control computers
- Supports one Administrator and four User accounts with separate profiles
- Superior video quality — supports resolutions up to 1280 x 1024 @ 75Hz
- 

- **IP Access ([CN8000](#)):**

- Bandwidth optimization — supports a range of compression level settings to optimize the video quality/transmission speed balance
- PPP mode (modem) dialup support for out-of-band, and low bandwidth operation
- Full-screen or sizable remote desktop window
- Scalable remote desktop display
- Export/import user account and configuration settings
- Advanced security features include password protection and advanced encryption technologies
- Secure 128-bit SSL encryption
- Enable/disable browser operation
- Three level authentication — Multi-Administrators, Users, Viewers Event logging
- Remote firmware upgrading
- Host-side OS support — Windows 2000/2003/XP/NT/Vista; RedHat 7.1, Novell, Sun, Mac 9.0 and higher
