
VE8900 / VE8950 Control App

VE8900/VE8950 Control App – Mobile App

Simple Setup and Login

Auto scan the network for ATEN Video Extenders and tap on any transmitter or receiver to log in.

Instant Switching and Control

Switch video sources instantly via your mobile device by simply selecting the transmitter source and the target receiver. The design also allows you to switch a video source to multiple receivers at once.

The screenshot displays a mobile application interface for configuring a profile. At the top, the status bar shows 9:41 AM and 100% battery. Below the status bar, a dark blue header contains a back arrow icon and the title "P005 Profile Name". The main area is a light gray form with three sections: "Start Date" with the value "2019/01/01 02:00" and a right arrow icon; "End Date" with the value "2019/01/0 06:00" and a right arrow icon; and "Repeat" with the value "Daily" and a right arrow icon. The bottom of the screen is a light gray area.

Calendar-based Scheduling

Check and revise the display schedule on-the-go to save time, related costs, and streamline daily operations.

Talk to Our Experts

If you prefer to have ATEN contact you, please complete the form and a representative will be in touch with you shortly
